Book Dispatch No. 461

TO : CERTAIN STATIONS AND BASES

FROM : Chief, SR

SUBJECT: General - REDCAP/LC IMPROVE: REDCAP AIDS  
Specific - RED-1, Soviet Intelligence Personnel with Foreign Service (CSCI-K-3,746,768)

REF : CSCI-K-496, CSDB-K-31808

1. For some time SR/CE/REDCAP has felt that a series of intelligence aids would be of interest and assistance to KUBARK officers involved in REDCAP operations, whether the officers are at Headquarters or at a field station. Such aids have gone to field stations in the past but on an infrequent basis. It is hoped that the new series will be produced more regularly.
2. This series of REDCAP Aids will bear the symbol RED-plus number. They will be sent to the field as a Book Dispatch, with each Headquarters REDCAP desk receiving a copy. Field stations, in commenting on these Aids, are requested to slug their communications "REDCAP" and to refer to the RED-number which will appear under General Subject.
3. To a great extent these Aids will be prepared in answer to specific questions from the field, when it is felt that the subject matter will be of interest to all REDCAP officers. If the Aid is a result of a field query, the circumstances which necessitated the query will be set forth in the Aid in a sanitized version - in order to show the purpose of the Aid. However, the area desk involved will be consulted prior to the final typing of the Aid in order to protect any field operation which might be involved. The area desk will be asked to inform its field station that the station's query has been answered by Book Dispatch #        (RED-number). Suggestions from the field as to subject matter for future Aids would be appreciated.
4. Information contained in any Aid which may be passed to any liaison service will be so indicated. If the Aid is long, an effort will be made to prepare a sanitized version for liaison so that each field station will not be burdened with the re-typing of the sanitized material.
5. The first in this new series of REDCAP Aids (RED-1) is attached. It is a list of Soviet intelligence personnel identified by ☐ These Soviets have in the past served abroad or are stationed abroad at the present time. Photographs of known or suspected Soviet intelligence personnel were shown to ☐ for the purpose of identification. When source was unable to identify a person by a photograph, a name was

An (X) mark denotes the recognition of the photograph and/or the name by source. A (Q) mark denotes tentative recognition on the part of source. Items marked with an (R) contain additions or corrections to information on individuals previously identified by source in referenced reports.

7. The attached report may not be passed to any liaison service in its entirety. However, information concerning any person listed therein may be passed to liaison at your discretion should that person arrive in your area.
